NICARAGUA WILL BE DISCIPLINED BY THIS COUNTRY

Is the Prevailing Opinion in Which Mexico Heartily Concurs.

To Tax Coffee or Not to Do It. Question.

STANDARD OIL SUITS HUNG UP

Washington, March 13.—The navy department is considering the advisability of sending marines to Nicaragua, swatting the suggestion of the Mexican government. Five hundred are stationed at Panama and 200 at Guantánamo, ready to sail at any moment. President Zelaya is regarded as the disturber of the peace in Central America, and a disposition is shown to hold him responsible for the present trouble with Salvador. The United States and Mexico have an understanding and will act in accord with each other, if intervention is considered desirable.

American warships on their way to patrol the coast of Nicaragua, are ordered to stop any attempted invasion of Salvador or Costa Rica by Zelaya. Mexico and the United States will take an active part in any such move made by Nicaragua. At the state and navy departments the situation in Central America was the subject of long conferences. Dispatches are expected from Mexico, concerning the course of action to be followed. The Dubuque is on the way to Guantánamo and Bluefields. The Tacoma is ordered to Puerto Cortes, the Yorktown to Amnapala, and a warship will be sent to Corinto.

Why Bryan Resigned.
Chicago, March 13.—The real reason for the resignation of Charles P. Bryan, minister to Portugal, is said to be the fact that the Taft administration refused to appoint him ambassador to Austria-Hungary. Chauncey Dwyer, a Kansas ranchman, probably will succeed him.

Tax on Coffee.
Washington, March 13.—A fight is expected in congress over the proposition to put a tax on coffee. The ways and means committee seems to be undecided. Some days they have agreed to put on the tax and the next day they revise the program. The need of raising money is said to be the reason which makes members want to adopt the tax. They say at the quantity used a small tax will give a great amount of revenue.

Tennessee Standard Case.
Washington, March 13.—The officials of the department of justice decline to discuss what further action would be taken by the government with respect to the several other criminal cases against the Standard Oil company for accepting rebates, now pending in the courts of the northern district of Illinois. It is understood, however, that Messrs. Wilkerson and Sims, general attorneys in this case, will come to Washington within the next few days for a conference with Attorney General Wickesham.

Consideration already has been given by government counsel to the case of the United States against the Standard Oil company which shortly is to come to trial at Jackson, Tenn. The indictment in that case contains 1,500 counts, the specific charges being that the Standard shipped from Whiting, Ind., to various points in the south 1,500 or more carloads of oil on which concessions in rates were made by the railroads.

The decision of the circuit court at Chicago is not binding as a matter of law on the Tennessee judge who may try the case, as he is not in the same circuit; but it is considered likely he may follow the Chicago court so far as the two cases have similarity.

Typhoid in Madrid.
Madrid, March 13.—Madrid has been visited by an epidemic of typhoid fever. More than 300 persons have been removed to one hospital and there have been many deaths.

WOMEN STILL MISSING.
Police Search in Vain for Three New Orleans Wives.

New Orleans, La., March 13.—In their efforts to find three women, the wives of well known men, who have been missing for days from their homes in New Orleans and one of the suburbs, the police admit that they have been unable to obtain the slightest clue which would lead to the solution of any of the mysterious cases. The women are Mrs. E. W. Baker, Mrs. P. H. Thibault and Mrs. John S. Edmunds. Mrs. Thibault's husband himself disappeared from home.

Fulton Visited by a \$25,000 Fire Early This Morning on Principal Street—Three Buildings Burned

Third Judicial District Democratic Committee Called to Meet at Hopkinsville—Redden Jury Disagrees.

Fulton, Ky., March 13. (Special.)—Fulton was visited by a \$25,000 fire early this morning which partially destroyed the buildings of the First National bank, C. W. Fowler and J. A. Milner on Lake street, and destroyed the stocks of the following concerns: Jones & Chambers, gent's furnishings; Fulton Salvage company, E. R. Morris, restaurant; R. M. Channing; Milner & Murphy, gent's furnishings; the office fixtures of Attorney Smith and the office of Dr. F. Cann; Irby Brothers, drugs; Irby Brothers, confectionery.

The origin of the fire is not known. It started in the second story and had spread to the whole block before it was discovered. An alarm brought out the fire department promptly and by heroic efforts the department saved some of the buildings. The loss is about half covered by insurance. The fire was extinguished about 3 o'clock.

Redden Jury Disagrees.
Mayfield, Ky., March 13. (Special.)—One jurymen stuck out for acquittal in the case of Horace Redden, who killed Herman Humphreys, and hung the jury nearly 48 hours, when Judge Hugg discharged it this morning. Eleven of the jurymen agreed on conviction.

Capt. Pool Dies.
Hopkinsville, Ky., March 13. (Special.)—Capt. R. S. P. Pool, proprietor of Corbin Springs, died this morning of kidney trouble.

Third District Committee.
Hopkinsville, Ky., March 13. (Special.)—The Democratic committee of the Third Judicial District is called to meet here March 20 to decide on a way to make nominations.

Nicholasville Excited.
Nicholasville, Ky., March 13.—This town today is in a state of excitement, following the finding of a negro concealed under a bed in one of the rooms of the Jessamine Female Institute. Efforts to locate the negro, who escaped through a window, when he was discovered, have failed. Bloodhounds were used but the rain ended the trail. Parties are still seeking the negro.

Miners Will Confer.
Philadelphia, March 13.—Delegates of the anthracite coal miners decided to hold a convention of miners, which will determine the policy in the present controversy, March 23, at Scranton.

RED LIGHT PROVES DANGER SIGN FOR SAM LESHER, ALL RIGHT—GETS SCOLDED

When Sam Leshar, a young man who is accused of stealing a lantern placed on a street improvement as a warning against accidents, met Patrolmen Bryant and Morris last night he did not hide the light under a bushel, but instead did his best to conceal it under his coat. The patrolmen were convinced by his actions that Leshar had been in a peculiar deal, and then took him to the police station and he

WEATHER.

THREATENING

Unsettled weather and occasional rain tonight and probably Sunday, not much change in temperature. Highest temperature yesterday, 53; lowest today, 42.

HIS FIRST CRIME.
Galena, Kas., March 13.—Officers today heard drilling in the State bank. They saw a man working and ordered him to surrender, but the man ran. Officers fired, wounding the man. He proved to be Fred Davis, son of H. S. Davis, a prominent merchant. He said he was driven to the deed by hard luck.

DAMP EXPLOSION KILLS MANY MEN IN SPANISH MINE

Madrid, March 13.—A fire damp explosion in the Barrueto coal mine in Santander province is said to have caused many deaths. Four dead and fifteen badly injured have been brought to the surface. The number of men were in the mine when the explosion occurred is not known.

Lord Northland Must Pay.
Edinburg, March 13.—Lord Guthrie, who yesterday granted a divorce to John Alexander Stirling from his wife who was an American actress, has allowed Mrs. Stirling the expenses of her action. He has decided also that Lord Northland, named by Stirling as correspondent, should pay the cost of the husband's action. Mrs. Stirling is to have reasonable action to her child, who is placed in the custody of her husband.

Evangelist's Good Work.
Evangelist E. H. Cunningham, of Paducah, Ky., has just closed two very successful meetings at Mounds and Mounds City, Ill., it resulted in more than doubling the membership of both churches. He left today for Missouri, where he will conduct a series of meetings.

GRATEFUL RAILROAD.

Hamilton, O., March 13.—Because he considered \$2 too low a price for a trainload of passengers, Jesse Hinton, a farmer, sent the money back to the company with a note saying he would donate his services. Hinton saved a train from a wreck at a washout during a recent flood. He heard of the washout and ran a mile to the spot and flagged the engineer.

A red lantern was placed at Third and Jackson streets last night and this morning the lantern in Leshar's possession was identified as the missing light. Police Judge D. A. Cross held him over in police court.

County Judge R. T. Lightfoot, who is acquainted with the lad, gave the boy the benefit of the doubt and dismissed a jail sentence with the agreement that Leshar would walk in the straight and narrow path hereafter.

The practice of removing lanterns placed as a warning is a dangerous one, and the police do not intend to tolerate it.

FELIX EWING IS SERVED WHILE IN HIS BED IN HOTEL

Deputy Marshal Neel Forced to Disturb Sleepers of Head of Association.

Polk Prince, of Tennessee, Did Not Appear.

MORE THAN 300 ARE SERVED

Service has been secured on Felix G. Ewing, general manager, and George Snawdon, treasurer of the Planters' Protective association, who are defendants in some of the night rider suits, by Elwood Neel, deputy United States marshal, who returned last night from a trip through the Black Patch.

The papers were served on President Ewing and Treasurer Snawdon in the hotel at Guthrie by Marshal Neel, who also learned that Polk Prince, another official of Tennessee, was en route to Guthrie and would reach the hotel in fifteen minutes. The marshal waited for several hours, and Prince never came within sight, as it is believed he was given a tip of Marshal Neel's presence. Marshal Neel worked quietly in Guthrie and only the defendants knew he was there.

Yesterday Marshal Neel was in Princeton and Eddyville, where he served the papers on many of the defendants. At Eddyville he served the papers on E. Wals, chairman of the Lyon county tobacco association, a representative of the county in the legislature, and a banker and prominent citizen.

Marshal Neel has served papers on between 300 and 400 defendants. The announcement of the attorneys that attachments would be issued unless the defendants ceased dodging the marshal, has had its effect and more of the defendants were "at home" when Marshal Neel called on his last trip.

STANDARD SHOWS FIRE IMPOSSIBLE WHERE FIRE WAS

In spite of the fact that the whole town of South Louisville was threatened by a fire, which originated in the Standard Oil plant, and The Sun has published this winter a half dozen serious conflagrations, originating in the storage tanks in various places, the Standard Oil company today had as its guests a party from the general council, to show the gentlemen that there is no danger of a fire. It is remembered that the effort of the city to drive the tanks outside the corporation started after a serious fire in the plant at Teath and Monroe streets, which was started by a spark from a passing locomotive.

The ordinance, compelling the removal of the tanks, should have been sent to the councilmen yesterday by the city solicitor, who sent another ordinance, but not this one; although it was ready. The ordinance, consequently will be delayed another two weeks.

The Standard Oil plant itself is in no more danger in the city than it would be out, as the tanks must be located beside the railroad anyway, and it is harder in the city; but the insurance companies have put up the rate on account of the presence of the tanks, and the fire chief has reported the tanks to be a great menace to the city.

ENGLAND IN RACE WITH GERMANY IN BUILDING SHIPS

London, March 13.—It is predicted in official circles today that the admiralty will take advantage of the reserve use clause in the navy program and lay the keels of six ships of the Dreadnaught class, during the year, in addition to eight protected cruisers, twenty torpedo boats and a number of submarines. Germany's naval activity is said to be the reason for this move. If the admiralty acts as predicted it would give her fourteen battleships of the Dreadnaught class and Germany have thirteen.

Italian Black Hand Society Kills Detective, Who Was Hunting Down Leaders—Police on Their Trail

MURDER OF PRIEST.
Newark, March 13.—Police have thirteen men jailed for supposed complicity in the murder of Father Ausonio. They are working hard today to unearth the alleged plot, said to involve half his congregation to do away with the priest.

Protestants Parade

Boston, March 13.—A hundred thousand union men are parading today as a protest against the jail sentence of dumpers and others.

Japs Economical

Tokio, March 13.—The budget, effecting the saving of \$178,000,000, was passed by the upper house today. It already had passed the lower house.

Boy Burned

Horace Chambers, a boy, was painfully burned yesterday afternoon at his home near the Mt. Olivet church in the county. His mother, Mrs. Charles McBride, was also burned in extinguishing the fire.

Gould Defends Harriman

New York, March 13.—George J. Gould, head of the Missouri Pacific, today set Wall street gossiping by his vigorous defense of Harriman. Gould said he thought Harriman would not take a place in the directorate of his roads but if he does he will be welcome.

Disturbing Worship

John Ayres, of Maxons Mill, was arrested yesterday afternoon on a charge of violating public worship. Ayres is accused of disturbing a service at the Mt. Olivet Baptist church last Sunday. He gave bond for his appearance before Magistrate Charles W. Emery.

Cyclone Refugees Here

Mrs. Etta May Galner and five children arrived in the city last night from Brinkley, Ark., to reside, and are visiting Mrs. Della Brockman, of Ashbrook avenue. Mrs. Galner formerly resided in Paducah, but about three years ago removed to Brinkley. She and her children were not injured, although the windows in their home were blown out.

Biggest Surprise of All

Paris, March 13.—Because life bored him, Fossum Raveze, 20 years old, a rich Parisian, killed himself early today at Monte Carlo. He gave a dinner to a host of friends which provided a series of surprises. When praised for the entertainment he said he had the biggest surprise in store. At dawn as the party was breaking up he walked up to the orchestra saying: "Now, for the big surprise," turned and drew a revolver and shot himself through the brains.

Bishop Hoss Worse

Baltimore, Md., March 13.—The official statement is made that Bishop E. E. Hoss, who was operated on at the John Hopkins hospital more than a month ago, has for several days not been resting so well, owing to the fact that an unexpected complication has arisen. While this will delay his convalescence and entails a great deal of pain, his physicians consider it of a temporary nature and expect him to rally from it in a few days.

Mayorless City

Los Angeles, March 13.—Municipal affairs of Los Angeles are deadlocked today as the result of the resignation of Mayor Harper. One faction demands that the special election, which was set for March 26, be held, while the other faction desires the council to elect Harper's successor. Newspapers demand that the Daily Record, which forced Harper's resignation, reveal its reasons. The paper merely announced after a quiet investigation that Harper's life demanded his resignation. A note renouncing the office was sent to a representative of the paper.

St. Petersburg, March 13.—The condition of Premier Stolypin, who is suffering from influenza, is causing anxiety. A bulletin issued at midnight said there had been an unexpected rise in his temperature.

BANK CLEARINGS JUMP UP HUNDRED THOUSAND A WEEK

Business With Fair Chance Shows Recovery With a Bound.

Remodeling Fever Strikes Lower Broadway.

TOBACCO IS BEING DELIVERED

BANK CLEARINGS.
This week \$402,514
Last week 304,753

Business was better this week than it was last week, as shown by a gain of nearly \$100,000 over the clearings of last week. The retail trade has picked up to some extent, but the main bulk of the increase in the clearings is because of the many thousands of pounds of tobacco that have been received in the city this week. The warm, damp weather has been excellent for the tobacco growers to move their crop, and every morning trains of wagons loaded with the weed have arrived in the city.

The remodeling fever seems to have struck property owners on Broadway and there are three stores now in the hands of contractors. The buildings 315 and 317 Broadway are being repaired, and when completed will have handsome new fronts, and will be a credit to the city. Work is being rushed on the buildings. The building at 325 Broadway also is being repaired and will blossom forth with a new front. The building located at 405 Broadway will be repaired and overhauled in a short while.

Several years ago the old buildings on Broadway between First street and Third street were repaired and remodeled, and made more attractive in many ways. Now that the merchants on Broadway west of Third street have decided to reconstruct stores is a good indication of prosperity, and will afford work for the carpenters and masons.

British Naval Program

London, March 13.—The British estimates made public today provide for a total expenditure of \$175,713,500. The program provides for four Dreadnaughts, six protected cruisers, twenty torpedo boat destroyers and a number of submarines.

Brilliant Function

Washington, March 13.—Never has a more brilliant social function been held at the white house. It is said, than the diplomatic reception, the first given there by President and Mrs. Taft. Resplendence and color was given the scene by the full court of uniforms worn by the members of the diplomatic corps.

TWO SMALL CHILDREN BURNED TO DEATH

Parkersburg, W. Va., March 13.—While the parents were away from home two children of Grantville Miller, aged two years and 1 month respectively, were burned to death at Normaltown. Upon Mrs. Miller's return, after a short absence, she found the house in flames and the remains of her children in the ruins of the home. How the fire started is a mystery.

LARGE SUM TO COLLEGE

Stephenson Elected Senator Would Make Donation.

Madison, Wis., March 13.—That a Stephenson worker was instructed that if Stephenson was elected senator, The Lutheran Northwestern University might receive a donation of \$10,000 from him, was revealed in the testimony of Dr. J. H. Frank, of Neillsville, before the senatorial primary inquiry today. Frank said he had been given the privilege to make a statement as to the donation by Rev. Eppling. He did not know that any money had been spent unlawfully.

Most of the day was taken up with the testimony of George H. Gordon, of LaCrosse, and Solon Perrin, of Superior, who received \$1,800 and \$5,000 respectively to disburse in Stephenson's interest. Neither witness was able to account for all of the money spent.

News of Theatres

Miss Edith Taliaferro, the youngest leading woman in America, and the second of the Taliaferro sisters to become famous in the last two years, will be seen for the first time at the head of her own company in the celebrated American comedy "Polly of the Circus" at the Kentucky, for two nights, commencing Wednesday, March 17. This young girl, who has a number of years to go yet before she gets out of her teens, will be seen in the leading cities in the country with the exception of those visited by her sister, Mabel, at the head of an organization comprising some of the best actors and actresses in America. It is doubtful if in the whole history of American drama so young a girl has headed a really first-class dramatic organization.

The Holy City comes to the Kentucky the 15. This play has met great favor with a certain element of theater-goers, and meets with good support at every succeeding season. The production coming here is said to be up to the standard set by former productions.

N. Y. CENTRAL WILL SPEND \$35,000,000

Eastern System for Betterment of Lines.

Grade Crossings Eliminated at Buffalo—\$4,000,000 for Improving New York Station.

\$3,000,000 IN STEEL RAILS

New York, March 13.—Subsequent to the announcement last week that it will spend \$9,000,000 for new equipment this year, the New York Central railroad has made public its entire yearly budget. This calls for the expenditure of \$35,000,000.

One of the most comprehensive schemes of improvement ever undertaken by this company in any one year is planned for 1909. In addition to the \$9,000,000 equipment order, the New York Central will expend \$3,000,000 for steel rails.

Will Eliminate Grade Crossings.

Elimination of grade crossings at Buffalo, an improvement decided upon some time ago, will entail a cost of \$1,500,000. Terminal betterments now in progress at the Grand Central station in New York will necessitate an expenditure of \$4,000,000.

The remainder of the vast sum to be expended on construction work during 1909 will be applied to the building of additional tracks, needed because of traffic increases, terminal facilities and the equipment of the main line of the system with automatic switches.

It is reported that 31 miles of double tracks will be constructed between Rome, Watertown, and Ogdensburg. This is taken by railroad men to mean the initial step in the double tracking of the entire system.

During the last ten years the New York Central lines have expended \$285,000,000 for physical improvements and betterments.

Railroads Show Increases.

Railroads of the United States reporting for the three weeks of February show total gross earnings of \$20,058,332, a gain of 13 per cent over last year. The south and southwest roads continue to make the larger gains. The following table presents the earnings of the United States roads reporting for the three weeks in February and for a like period in January:

Gross earnings February, 1909, three weeks, \$20,058,332; gain, \$2,309,164; per cent, 13.0; gross earnings, January, 1909, \$16,555,941; gain, \$1,289,134; per cent, 9.2.

Gains are reported on all groups of roads over last year, with the exception of the coal roads and the Pacific systems, and the increase is large on the other eastern roads, southern and southwestern systems.

Two Cent Law Plans.

A meeting of the executive committee of the Western Passenger association to discuss the recent decision of Judge McPherson and map out their plans, was held in Chicago yesterday. The decision in the Missouri rate case opens a way for possible action in this state against the 2 cent law.

When the 2 cent law became effective in Illinois a committee was appointed by the Western Passenger association to decide upon the steps to be taken by them. This committee, however, never made a report, waiting for a termination to the litigation in Missouri. Now that the latter has been reached it is expected that this committee will file its report, which will record the probable action of the Western Passenger association as regards the 2 cent law in Illinois.

Today a meeting will be held in St. Louis by the executive committee of the Missouri roads.

In many instances these roads, anticipating the decision of Judge McPherson, have new tariffs already prepared. Little time will be lost therefore in making effective the 2 cent mileage. At the conclusion of these passenger conferences it is believed that announcements of advanced rates will immediately be made.

A meeting has been called for March 17 in Chicago by the freight clearing exchange. Important matters regarding the handling of cars will be discussed and definite action taken. This more especially relates to cars handled at Chicago by the Western Freight association.

CONFERENCE

Will Be Held at City Hall March 18 at 2:30 O'clock. It is Stated.

The date for the conference between the Paducah and Ohio Interurban line and the Commercial club of this city has been changed from March 25 to March 18, next Thursday. The meeting will be held at the city hall at 2:30 o'clock in the afternoon. The meeting is for the purpose of raising money to fund

GANS HAD BEST OF JABEZ WHITE

In Ten Round Boxing Match at New York.

Bell Saved Knockout When Colored Champ Sent Englishman to Floor at End of Seventh.

LOTS OF BLOWS WERE WASTED.

New York, March 13.—The bout between Joe Gans, ex-light weight champion, and Jabez White, light-weight champion of England, ended favorably to Gans at the close of the ten rounds.

First round—White led twice for head but was blocked. Gans jabbed a left to the face and sent a right to the jaw. White swung a hard left to the nose. Gans hooked a right to the jaw.

Second—White swung left to the stomach and chest and Gans jabbed his left to the jaw. White responded liberally and when the round ended had a good margin.

Third—White forced the fighting most of this round but both did some effective work and at the end the honors were even.

Fourth—White led a left for the chin, sent a right to the jaw, and landed hard on the stomach. Gans uppercut with his right and sent in a straight right to the stomach, following it up with a right hook to the jaw. White continued hard work and Gans seemed to be in distress and was weak at the bell.

Fifth—Gans did the most effective hammering in this round, but neither man was in trouble at any time.

Sixth—Gans jabbed a left to face and hooked a right to the head; a right to the jaw twice and sent another harder one, putting White down for nine seconds. Gans uppercut twice with the right and White went down again for the count of eight. White was groggy at the bell.

Seventh—White came up weak and after a few more exchanges was sent down, the bell saving him in the count.

Eighth—Neither man did much in this round, both apparently being very tired.

Ninth—A very tame round, blows being light and without effect.

Tenth—Joe landed heavy right to the wind and swung a right to ear. Joe did all the forcing. He hooked a right to the jaw, but missed right and left swings. White swung a right to the head and although it had little force, it halted Gans. White swung again to the head and rapped it until the wind. They were sparring at the bell.

Not a Pleasant Prospect.

Mr. Hudson Maxim, the noted inventor, has launched into bitter invective against congress. Truly, at this session, the prayer might well be uttered that our national legislators stop doing the things they ought not to do and begin on those they should. One of these latter is an appropriation of \$5,000,000 for airship experiments. Invention moves in leaps where she crawls a few years ago. Today, the airship of war is an experiment; tomorrow, a blasting reality. Said Mr. Maxim:

"The American people must realize that in the next war they will

CONGENIAL WORK

And Strength to Perform It.

A person in good health is likely to have a genial disposition, ambition, and enjoy work.

On the other hand, if the digestive organs have been upset by wrong food, work becomes drudgery.

"Until recently," writes a Washington girl, "I was a railroad stenographer, which means full work every day."

"Like many other girls alone in a large city, I lived at a boarding house. For breakfast it was mush, greasy meat, soggy cakes, black coffee, etc."

"After a few months of this diet I used to feel sleepy and heavy in the mornings. My work seemed a terrible effort, and I thought the work was too blame—too arduous."

"At home I had heard my father speak of a young fellow who went long distances in the cold on Grape-Nuts and cream and nothing more for breakfast."

"I concluded if it would tide him over a morning's heavy work, it might help me, so on my way home one night I bought a package and next morning I had Grape-Nuts and milk for breakfast."

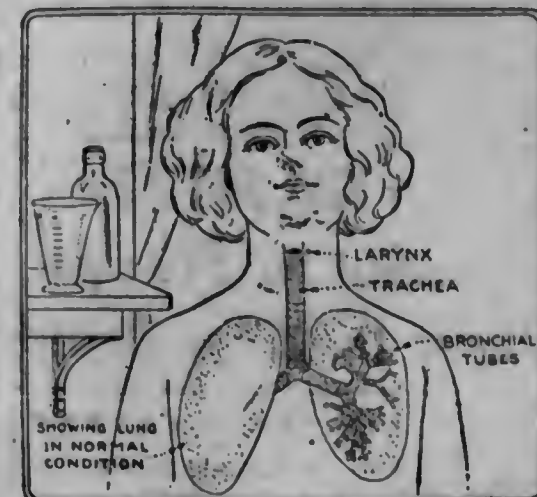

"I stuck to Grape-Nuts, and in less than two weeks I noticed improvement. I can't just tell how well I felt, but I remember I used to walk the 12 blocks to business and knew how good it was simply to live."

"As to my work—well, did you ever feel the delight of having congenial work and the strength to perform it? That's how I felt. I truly believe there's life and vigor in every grain of Grape-Nuts."

Settled Colds Are Always Dangerous. CONSUMPTION BEGINS WITH A COLD

A Heavy Cold.
Samuel McKinley, 1309 Askew Ave., Kansas City, Mo., member of the Society of the United States Jewelry Auctioneers, writes:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me."

"Traveling from town to town, throughout the country, and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December, when I contracted a severe case, which, through neglect on my part, settled on my lungs."

"When almost too late, I began doctoring, but without avail, until I heard of Peruna. It cured me, so I cannot praise it too highly."

Nasal Catarrh, Coughs.
Mr. Emil Pickart, 310 Indiana Ave., Hammond, Ill., writes:

"I am entirely cured of catarrh of the nose, and my stomach is in good condition also. I only need about five bottles of your great medicine, although I had catarrh so bad and for so many years that I thought I wouldn't live much longer. I had to consult doctors right along. Now all my friends say I never looked as well as I do now."

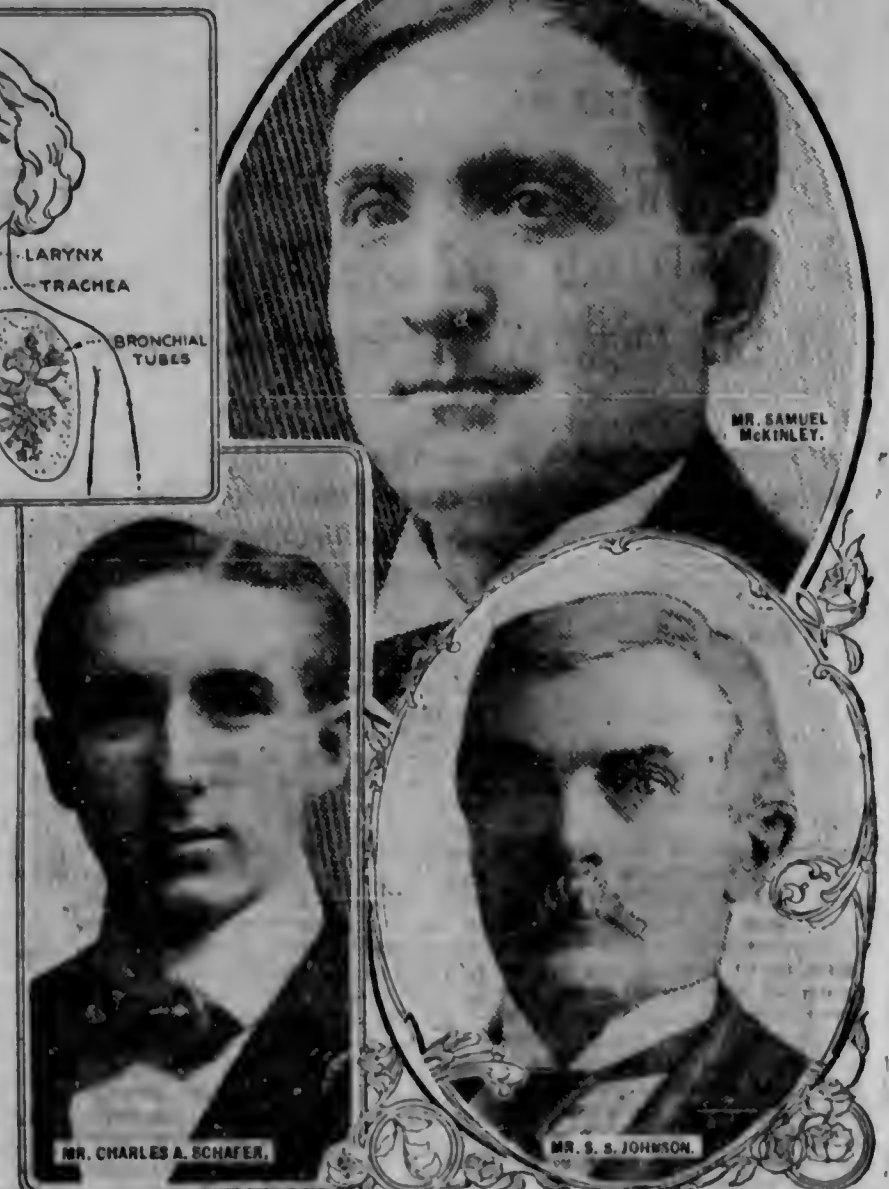

"I can also say that it is a great remedy for coughs, because I give it to my children. I never will be without it. I used enough other medicine to know how valuable Peruna is."

"You are at liberty to use my name in spreading the merits of Peruna."

not be permitted to sit comfortably by the fireside and read about the conduct of the war in distant parts, for the enemy may at any moment light from the sky and bring the latest war news right to their doors."

The curious part of it is that Mr. Maxim is no dreamer.—Boston Post.

It's no trouble at all to find trouble.

Settled on Lungs.
Mr. Charles A. Schaefer, Nebraska City, Neb., Ex-President Local Brotherhood of Bookbinders, writes:

"I am pleased to give my experience with Peruna."

"Some years ago I contracted a heavy cold which settled in my body and finally resulted in catarrh of the lungs and stomach."

"I tried many remedies, but found nothing effective until I tried Peruna. In a very few days I was feeling much better, and as the result was so promising I was glad to keep on using it. In about a month the soreness had entirely left my joints, I felt much better, and the catarrh was being carried out of my system."

Many a tailored suit covers a lot of hand-me-downs.

No man ever spoke truth without hearing it echo in heaven.

Set a Trap for the

MORTGAGE

The rats gnaw a hole through the cupboard door and nibble a little at the cheese, but there's nothing about the house that eats so much, or that eats so steadily as the mortgage.

SUNDAYS, holidays, and while you sleep, it goes gnawing away at the home, and some of these days, if something should happen to you, the mortgage will swallow up the home, and the wife and little ones will fall heir to a foreclosure suit. **WHY NOT SET A TRAP FOR IT?**

A Twenty Year Endowment Policy in the Equitable Makes You Safe

Eats up the mortgage if you die; catches it at the end of twenty years if you live, and leaves you with the home free of incumbrances during your old age.

MARCH.

Four singers bless this weary world,
And with their voices all bewitch
Earth thrills when joyous Summer
sings
Contralto rich.

Another then takes up the strain
And, blending with the carol glad,
Falls sings a mournful melody—
A tenor sad.

Then Winter lifts his mighty voice
And, filling every lonely place,
Throughout the wood and vale re-
sounds
His booming bass.

Before his echo dies away
Another joins with blithe repete,
And rapturous breaks forth young
Spring,
Soprano sweet.

In March we hear strange notes of
each,
While in the air harsh discords
ring;
And we can but surmise the choir
is quarrelling.

IS YOUR COAT DESTROYED?

You Probably Have the White Seal of Dandruff On It.

If your coat or shoulders have a white dust upon it, the chances are that it is from dandruff. The only way to permanently cure dandruff is to remove the cause, which is a germ. Newbin's Herpicide kills the germ. Every toilet table should have such a hair-dressing that contains also the destroyer of the dandruff and hair falling germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send the in stamps for sample to The Herpicide Co., Detroit, Mich. \$1.00 bottles guaranteed. R. W. Walker Co., Special Agents.

A WOMAN'S APPEAL.

To all suffering from rheumatism, whether muscular or of the joints, neuralgia, backache, pains in the limbs or neuralgic pains, we write to her for a home treatment which has repeatedly cured all of these troubles. Who feels it her duty to send it to all suffering from these troubles? You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes a feared from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone in the whole system. If the above interests you, I will send you Mrs. M. Summers, Box K, South Bend, Ind.

March Seventeenth.

Two special events mark the coming week and as they fall together this year there should be a more than usual observance of each. Mid-lent and St. Patrick's will celebrate the same day this year, and will no doubt do it right joyously. It is quite meet that the day of the jolly patron Saint of the Emerald Isle should come on the day that the rigors of Lent are set aside, and so many of his followers can honor him in a joyous fashion.

There will be doubtless many pretty St. Patrick entertainments, for the day lends itself to effective decorations. So far, none is announced, but they are usually of an informal character and come unannounced.

Attractive Musical Evening.

There will be a delightful musical and social evening under the auspices of the Newell society of the Broadway Methodist church, on Tuesday evening, at the church. An artistic musical program will be rendered by the music pupils of Miss Newell in the lecture room. After the program the guests will be invited to the League parlors upstairs where the Newell society will serve light refreshments. The program is as follows:

1. (a) Moroccan in A5... Wolfenbaupt (b) A la bien Aime... Schmitt Miss Madeline Cook.
2. Album Leaf... Scholtz Miss Helen Hill.
3. Vocal solo—selected. Miss Mabel Shelton.
4. Lohengrin Fantasia... Wagner Miss Lucy Overby.
5. Theme and Variations. Opera 26... Heethoven Miss Anna Hill.
6. Reading... Selected Miss Anna Hild Stewart.
7. Romance... Tschalkowski Miss Willie Mac Rascow.
8. Swan Song, from Lohengrin... Wagner Miss Kate Cunningham.
9. Vocal Solo... Selected Miss Marjorie Loring.
10. Kammerol Ostin. Muenstein Miss Eunice Robertson.

U. D. C. Tag Day.

We are to have another Tag Day, with its wealth of fun for the taggers, and the tagged, and it is to be hoped, with big returns for the object for which it is held. The U. D. C. who are raising \$5,000 for the Confederate monument which will be placed in Lang Park this spring, lack nearly fifteen hundred dollars to complete their fund, and at a meeting this week it was determined to hold a tag day Saturday, the 20, day and evening. We all remember the tag day last fall for Riverside Hospital, and how much was collected in this way for that excellent institution, and it is the hope of the U. D. C. to do equally as well. All the society matrons and maidens will be on duty during the day, at the prominent points throughout the downtown section of the city.

The monument, for which the funds are being collected, is almost ready, and the day for dedication has been set for some time in May. It will be a very handsome statue, costing \$15,000, and will be quite an ornament to the city. Mr. Tighman of New York, is giving the statue in honor of his father, General Tighman, of the Confederacy. He is having it done by one of the most famous sculptors in the east and his decision to place it in Paducah is quite an honor for the city.

Pretty Party.

Mrs. Lilla Robinson, 707 South Fourth street, entertained last night in honor of a few friends, with a pretty party at her home. The evening was spent pleasantly with games and music. The house was attractively decorated with potted plants. Those present were: Misses Murrell Smedley, Mabel Berry, Mervie Parker, Florence Thurman, Rosa Thurman, Lola Holland, Flora Houston, Madie Mayer and Messrs. Will Clark, Robert Trantham, J. Hawker, Charles Keegan.

Elks Give Dance.

A dance was given at the Elks' hall Friday night. This was the sixth series of dances given this year and was a most enjoyable affair. The following were present: Misses Helen Powell, Wood, of Evansville; Elsie Hodge, Anne Williamson, Elizabeth Williamson, Gleeves Harry, Miss Davis, Mrs. George Powell, Mrs. Emory Graham, Louisville; Mrs. St. John, Mrs. C. E. Renfro, Mrs. G. R. Davis, Mrs. Abbott, Mrs. Harry Fisher, Mrs. R. D. Clements, Messrs. Guy Jones, Roy Prather, Dr. J. M. Dismukes, Gordon Head Will Baker, R. S. Allen, C. E. Renfro, Fred Gilliam, G. R. Davis, Wallace Wolf, Dan Fitzpatrick, Harry Fisher, Herbert Wallerstein, Dick Ashbrook, R. D. Clements, Captain Watts, Commander Miller and Captain Egan.

Mid-Year Federation Meetings. Mrs. Letcher Riker, president of the Kentucky Federation of Women's clubs has issued the following notice: "The mid-blennial council meeting

of the General Federation of Women's clubs will meet in San Antonio, Tex., March 31 and April 1.

"The council consists of the board of directors, presidents of State federations and general federation secretaries; but all general federation members are welcome to the meetings, as this is an advisory body and moves to discuss topics of interest to all.

"Those desiring to attend may take advantage of winter tourists' rates, which may be obtained upon application to local railroad offices. "A trip to the City of Mexico has been arranged, full information concerning which may be had by addressing Mrs. Edward McLannahan, 116 Gould street, San Antonio, Tex.

"The Menger Hotel has been selected as official headquarters.

"The mid-year meeting of the board of the Kentucky federation will be held in Harrodsburg, April 1. Those attending are expected to arrive the evening of March 31 and will be entertained during their stay by the club women of Harrodsburg.

"On Monday, March 8, the Covington Art club, through Mrs. W. S. Perkins, entertained for Mrs. William Letcher Riker with a reception at the Fourth street Christian church. Members of the four clubs of Covington, and the Newport, Dayton, Ghent, and Warsaw clubs were invited to attend."

Children Give Attractive Concert.

Circle No. 2 of the Church Furnishing society of the First Christian church gave a delightful concert Friday evening in the lecture room of the church. Mrs. Daniel McFadden arranged the entertainment. The program was presented by children and the music, songs and Sunbonnet drill were most attractively featured.

Picturesque Memphis Luncheon.

The Memphis News-Scimitar has the following account of an unusual luncheon given there:

"A surprise luncheon planned by Mrs. Streator greeted Miss Lele Jones, when she strolled downstairs at her home on Peabody avenue at a late hour Wednesday morning. It was a luncheon of very elegant appointments and rather unusual for the motif executed in a novel and artistic manner. Yellow, the chosen color, made an effective decoration, with the daffodil playing a conspicuous part. The oblong table was ornamented down the center with a mass of sunlax in the varying tints of green, to represent a sea. On this floated two picturesque boats, and around the edge of the green was a border of golden daffodils suggesting a sandy beach. At each place were Italian sail boats, with the names on

Weak Little Boys

may become fine strong men. Some of the strong men of to-day were sickly boys years ago. Many of them received

Scott's Emulsion

at their mother's knee. This had a power in it that changed them from weak, delicate boys into strong, robust boys.

It has the same power to-day. Boys and girls who are pale and weak get food and energy out of Scott's Emulsion. It makes children grow.

the sail. There were also Japanese dolls in yellow robes, with the petals coming up around the doll's face, and in drawing out the doll, the petals fell away, disclosing the bonbons. A striking feature of the table was the Maypole, accomplished by using the electrolux as the basis for the ribbons. From this yellow streamers luted were caught to each chair, and as each guest untied the ribbon and unlaced it, a gold shirtwaist ring fell down one of the ribbons on the finger of Miss Ardelle Jones. The yellow tone was carried out in the menu. The butter was molded in the shape of pineapples, the cheese into daffodils, the ice cream in canoes surrounded by waves, the cakes were anchors, while the mints were ornamented with daffodils."

"Yes," the little woman with the drum major fur hat remarked to her friend on the car, "I stopped wearing my big, wide hat—it's a perfect beauty, too. I don't wear it much because I thought as long as the car service is had and people are crowded and jammed in the aisles of the cars, it wasn't right for me to take up so much room with my hat. Besides, I like this hat better, if anything." Cleveland Plain Dealer.

ANOTHER SUIT

FILED AGAINST HIRSH SMEDLEY FOR \$1,000.

Former County Court Clerk Pledges Horse and Bikes to Secure Debt.

After more work on the records another alleged shortage of \$1,000 in the books of Hiram Smedley, former county court clerk, has been found by W. M. Hushands, state revenue agent, and he has filed an additional amendment to the suit, naming the Title Guaranty and Surety company, of Scranton, Penn., as co-defendant.

The petition recites that Mr. Smedley failed to report the collection of \$600 taken in during the years of 1906, 1907 and 1908 for the state liquor license of G. W. Edwards, and also that he failed to report to the state auditor the collection of \$400 for a license for the years 1907 and 1908 from R. L. Peachey.

In the county clerk's office a paper was filed by Mr. Smedley yesterday, in which he mortgages to Jake Hirderman his black horse, a double-seated surrey, a storm buggy and a runabout for \$600.

Refrigerator Time Will Soon Be Here

We are exclusive agents for the celebrated Herrick Refrigerator. As the time draws near when we will all need a refrigerator, we want to invite your most critical inspection of the Herrick refrigerator. If you buy something good in this line, something that will answer the purpose in every detail, you will not have occasion to buy again soon, and we can assure you that you will never have cause to regret having bought a Herrick. What we say of this piece of goods is based on five years of experience in the use of it. We have learned by experience that the Herrick uses less ice with the same storage space than any refrigerator made. We have also learned that we can give you more storage space in the Herrick for the same money than you will pay for a cheaper make of refrigerator. The Herrick Refrigerator has no zinc or metal lining to mould and corrode. It is lined with odorless spruce, plain and enameled, which keeps the refrigerator pure and sweet at all times.

The Circulation in the Herrick is Perfect

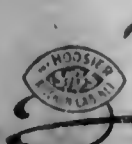

A careful mother does not allow her children to play with matches. Place them in a Herrick refrigerator, where they will be safe from babies and mice. Matches can be kept indefinitely in a Herrick, because the circulation is so perfect they cannot become damp.

The water cooling device in the Herrick Refrigerator cannot be equaled. The water tank, as you will see from the cut, is attached either from the top or side of the refrigerator and is on the outside. The water passes from this tank through a coil on which the ice rests, and is drawn from the faucet at the side of the refrigerator, ice cold. The water does not come in contact with the ice at all, therefore, it is not tainted with ammonia as water usually is when the ice is put in the water. Now in the Herrick we feel perfectly satisfied that it will answer every purpose desired and expected of a refrigerator, and we make the following proposition:

THIRTY DAYS TRIAL

Every reliable person who expects and wants to buy a refrigerator this season, and is not fully satisfied that the Herrick Refrigerator will render the service recommended, we will gladly place the same in your house on THIRTY DAYS' TRIAL. If at the end of the time you are not satisfied with the service rendered after following the directions given, we will bring the refrigerator back without any cost to you whatever. Come to our store, and see the celebrated Herrick Refrigerator led up and in operation in our show window, and we will take pleasure in demonstrating the superiority of the Herrick, over other makes of Refrigerators.

GOVERNOR WILLSON.
The Buffalo Times, commenting on the action of Governor Willson in pardoning the Louisville Herald, indicted for libelling Circuit Court Judge Tom Cook, and Commonwealth's Attorney Denny B. Smith, of the Third Judicial district, says:

"Gov. Willson, of Kentucky, realizes that until law is enforced in that state it is not wise to undertake to restrict the press in its criticism of officials. In granting a pardon to the publisher of the Louisville Herald, which had got in trouble by criticizing Judge Cook and prosecuting Attorney Smith for not dealing more vigorously with the night riders, Gov. Willson wrote this stinging memorandum:

"The long series of crimes in this district which have not been punished under these officers' administration make it necessary for the press to criticize all who can be held responsible. If the courts do not put an end to the rule of crime in the counties in which the judge and commonwealth's attorney are elected to uphold law and order, the only hope of permanent relief from such conditions is an enlightened public sentiment aroused by the press of the country, and instead of punishing the newspaper which makes a fight against such conditions it should be regarded as fulfilling a duty."

As to the governor's pardon record the Kentucky State Journal submits:

"It leaked out yesterday that the object of Senator Shadon's visit was to secure the pardon of one of his Pulaski ex-constituents, who is serving a term for robbing a railroad car. Around the grounds, if not the only ground, for the application was the statement in writing of the mother of the ten-year-old boy on whose testimony the man was convicted, that she heard one of her son-in-laws, who had a grudge against the convict, tell the boy he would give him \$50 to swear that the man entered the car. Gov. Willson, mirabile dictu, listened without even interpolating a word till Senator Shadon got through and then surprised him by saying, 'I will pardon your man after the commonwealth's attorney of your district has found upon investigation by the grand jury that the woman tells the truth and when the man who suborned perjury is landed in prison here I will let his victim out. Until then I will take no action.' This staggered the senator and he went

away exceedingly sorrowful for he was sure that all he had to do, being a politician besides, was to ask and it would be granted unto him.

"This leads us to the point of stating to a waiting word of applicants that Gov. Willson is no soft snap for pardon hunters and that unless the cases they present have real merit they are wasting their time in seeking him. He says he isn't here to pardon people to please anybody and mighty good reasons must be presented to induce him to interfere with the judgments of courts. The records show that in the sixteen months that Gov. Willson has been in office he has pardoned but 66 men including pistol carriers and those fined for minor offenses.

"This is not a bad record."

SOME STORIES AROUND TOWN

The career of Mr. Fayette Greif as "United States senator" was a brief one, and, although it might not be real, he has had the happy experience of the officials thinking he was one. Mr. Greif attended the inauguration in Washington, and on the cold, bleak inauguration day was sightseeing. He was in the senate building when he noticed a stream of men flocking forward one door. Naturally he followed them. At the doorway each man was halted by guards, and one man said "Delaware" and he was admitted, a second hurriedly said "Pennsylvania" and he, too, was admitted. Mr. Greif watched the men and a third responded "Missouri!" and he walked in. That was getting near home, and Mr. Greif remembered he was from a state, and Kentucky was just as good as any. Calmly Mr. Greif walked to the door and when the guard halted him he responded "Kentucky." That was sufficient and he walked into a large room filled with desks.

The room was well filled with men and Mr. Greif began satisfying his curiosity by ascertaining just where he was, for Mr. Greif had outwitted the guards of the senate chamber door and gained entrance. The senators decided they could not put him out, but before any action was necessary Mr. Greif remembered that he was scheduled to march with the Bradley club in the parade and out he bolted from the senate chamber, much to the apparent relief of the men.

Had Mr. Greif remained in the chamber he would have a choice seat at the inauguration, as President Taft was sworn in the room, while thousands of people packed the balconies and halls in an eager effort to get one glance of the ceremony.

The unequal match of a rooster fighting a bulldog was witnessed yesterday at the home of Mr. D. A. Meacham, on North Sixth street, and at the end of the bout the dog was content to crawl under the stove in the house, while the rooster made the welkin ring with his crowing. The rooster is a Plymouth Rock and is unusually large. The bulldog has had great sport chasing the hens in the yard, and the rooster stood it until yesterday, when the running of his women did not exactly suit him. With his feathers ruffled he began on the dog and with the combination of a sharp bill and two sharp spurs he put the dog to flight. At times the fight was waverling between the fowl and the quadruped, but the vigor of the rooster wore out the tenacity of the dog. Both fighters were well used up after the bout, which was for blood, but the chicken won and had the joy of celebrating it.

THE SPECTATOR.

Weekly Comments on Things About Town.

"Murder as a Fine Art."

The delightful skit by DeQuincy with the above title, came to The Spectator's mind lately as a good motto for some of our down-to-date school children. The Spectator was sauntering along Broadway after the manner of his kind, and in front of him was a company of the pupils of the public schools. The cockles of The Spectator's heart were warmed by the sight. Here was the youth of the country taking advantage of our great popular education. The Spectator swelled with pride as he thought what that popular education means today. The three R's—reading, riting and rithmetic—are out of date now. Algebra, Science, Rhetoric, Ancient and Medieval History, all these are but sport to the youth of today. The Dead Languages are even resurrected in the class-rooms. What a Triumph of American Institutions!

The Vox Populi really in the Language of Cleo!

The Spectator bent attentive ear to catch and profit by some of the conversation of The Rising Generation. It was then that the title of DeQuincy came to his mind, "Murder as a Fine Art." Here was murder being done, on Broadway, in full daylight—the murder of old Mother English. And that, too by a parcel of school children; were not some of them in the High school, too?

"I ain't seen him for an awful long time."

"I never done nothing to him that he should treat me that-a-way."

"I never had no use for him anyhow."

"I seen a good 'show' at the theater." (Accent on the second syllable).

"My! my!" said the Spectator, vaguely remembering something about a man who knew seven languages and could not express himself intelligently in one, "Is not something wrong with the 'system'?"

Not less Latin but more English, not less rhetoric but more grammar, not less science but more knowledge of the mother tongue. When will our young people learn that the first mark of true culture is the ability to speak one's language grammatically. That a king of England was once known as the Wisest Fool in Christendom, chiefly because he could not speak English as it should be spoken. That knowledge is not power, but the ability to use one's knowledge is power. That certain mispronunciations are everywhere the earmarks of the poor, that the double negative, the wrong form of the past tense, the slang and vulgarisms of speech, count for more in the world against a man or woman's standing than all the so-called knowledge in other lines combined.

DUN'S REVIEW.

New York, March 13.—Milder weather stimulates spring sales but general trade continues quiet. Conditions are better in the west than in the east, but everywhere there is still lacking the desired animation.

Some progress toward more settled conditions is noted in iron and steel and there is an increase in some lines. The best news comes from the structural division, orders for material aggregation a good volume, while new prices are firmly maintained.

In wire products orders are still somewhat heavier.

Western distributors of dry goods particularly jobbing houses in the northwest and Missouri river territory, report satisfactory business, but conditions are less satisfactory in the coal and iron sections of the middle west and among local jobbers.

Some falling off in activity is normal at this season. Wide print cloths are irregular but narrow goods are nominally strong, though in light demand. Prints are moving slowly, but sales of staples and dress gingham continue fairly large.

One of the most marked features of the season thus far has been the growing demand for serges and unfinished worsteds. The dress goods market is fairly active with good demand for staple worsteds.

Extremes dullness prevails in the hide and leather markets, the uncertainty regarding tariff legislation affecting hides having a deterrent influence on business.

Reception to Roosevelt.

Oyster Bay, March 13.—Ex-President Roosevelt and Mrs. Roosevelt were the guests of Oyster Bay at a reception held here in the town hall. From 8:30 until 10:30 ex-President and Mrs. Roosevelt stood behind the Justice's railing in the town clerk's office and the town's people filed by, shaking hands and extending farewell greetings.

Ready for Invasion.

Kinston, Jamaica, March 13.—Mail advice from Port Limon, Costa Rica, states that President Zelaya, of Nicaragua, is preparing to invade Costa Rica, via Guanaacaste. San Juan del Sur, Nicaragua, is being fortified and vast quantities of arms have been carried thither from Mangus.

PLAIN DRESSING SACQUE.

Women are always interested in plain, comfortable negligees. An especially practical model is offered in this design as it can be fashioned from either light or heavy-weight materials. Soft silk weaves such as China and India silks and light weight woolsens on the order of albatross and cashmere are particularly good. The dressing sacque can be made either with or without the back-yoke facing. If a figured material is employed for its construction, the trimming bands could be of plain goods as shown in the illustration.

3927.—This dressing sacque has a rolling collar and front facing in one. Pattern is cut in 7 sizes from 32 to 44 inches bust measure. To copy it for the average person, it requires 1 yard of material 27 inches wide, or 3½ yards 16 inches wide. Any person desiring to procure this pattern may do so by sending 10c to this paper, giving No. 3927 and the size desired.

The Sun for 10 cents each.

FOOD IN STOMACH BECOMES TAINTED

This Harmless Anti-Ferment and Digestive Gives Instant Relief.

You haven't Catarrh of the Stomach, or Nervousness, or Gastritis, or Cancer, etc. Prove this by taking Pape's Diapiesin after your very next meal. Convince yourself within five minutes that your actual disease was sour, acid Stomach—Food fermentation—that every bite you eat turned to Stomach gas, Stomach poison and Acid, which makes you feel sick and miserable, producing such symptoms as pain in the pit of the stomach, Difficulty in breathing after a meal, Headaches, Belching, Heartburn, Nervous breath, Water-brash, Biliary aces, Sour risings, Gas on Stomach and many other bad feelings.

Indigestion is a result, not a cause, of your misery. If the Stomach is sour, your food becomes tainted, and that's why you have these stomach disorders.

Ask your pharmacist to show you a case of Pape's Diapiesin, which costs only 50 cents. Read what this effective Stomach and digestive treatment contains, and how absolutely harmless it must be, how it does for the Stomach what the washing and sun bath do for the chum; absolutely removes every corrupting or tainting element, and will digest all the food you can eat.

Go to your druggist and get some Diapiesin now, then eat anything you want at your next meal, and you will not suffer from indigestion or Stomach trouble. Each bite of food will taste good, and, besides, you will not need liver regulators to keep your intestines and Stomach clean and fresh.

Now and forever rid yourself of the misery of indigestion and Stomach trouble. Make your meals a pleasure by going to the table with a healthy appetite.

are visiting Mrs. Riggins, of Brookport, today.

Engineer and Mrs. Joseph Randall left last night for Sanford, Fla., for the benefit of Mrs. Randall's health.

Mr. and Mrs. Lee Nance, Jr., of Oklahoma City, are visiting Mr. Nance's parents, Mr. and Mrs. Guy Nance, 1741 Jefferson street, en route home from a wedding tour through the east.

Mr. James Lee, Nashville, formerly of this city, is here visiting friends.

Mr. H. D. Harris will leave tonight for Memphis on a several days' business trip.

Faked Masterpieces.
Europe is full of artists who, as far as line and color go, can turn out admirable copies of anything. These copies are made on old canvases mounted on a frame work of old wood, and when the paint is dry the picture is put through an ingenious aging process.

A certain kind of varnish gives a ripe golden tone, and a deepening of shadows with the suggestion of the soil of centuries is had by the smearing of licorice juice. As for the cracked paint surface—sure sign of age—that is obtained by haking the picture carefully in an oven or by laying a plaque of metal on the canvas and striking it gently with a hammer.

Wormholes in frame or panel are merely a matter of fine shot fired in and afterward picked out, and flyspecks to deceive the flies themselves may be had by the judicious spatter of Indian ink.

No doubt to the sure connoisseur there is something hard and cold about the copies, something vaguely unsatisfying; but no one can deny that they are enormously like the originals—so much like them that the great museums of Europe, all unsuspecting, have hung their walls with these mellow masterpieces of yesterday. It is said, for instance, that Rembrandt's portrait of Sobieski in the Louvre is not the original at all, but only a copy, the original being in Russia.

Henri Rochefort is quoted in Success as saying that there is "no longer such a thing as an honest art dealer in the European market; or, if some exceptional dealer happens to be honest he is sure to be incompetent." When asked about the art experts Rochefort declared that they were worse than the dealers.

"Why should they know anything about art?" he said. "They are capable boys today, art experts tomorrow. One of the most successful art experts in Paris was a bill poster a few years ago. Any one may be an art expert who chooses to put up a sign. There are no qualifications, no diplomas. A man simply calls himself an art expert and that settles it. And these are the fellows you rich Americans deal with."

In Circuit Court.
The case of D. E. Wilson and other merchants against the city of Paducah, contesting the license ordinance was on the docket for trial yesterday in circuit court, but the case was not reached and it was continued until Monday.

A new trial was granted this morning in the case of S. J. Taylor against the Western Union Telegraph company. Exceptions were filed this morning by George W. Bains, executor of the estate of Mary B. Bains, to the judgment rendered this week by Special Judge W. Scott Morrison, of Owensboro.

A motion for a new trial in the case of George Kreutzer against Jesse Weil was overruled this morning by Judge Reed.

ANOTHER INDICTMENT

Returned Against Alleged Racing Swindler Under Arrest.

Council Bluffs, Ia., March 13.—The federal grand jury returned an indictment against John Maybray, charging use of the mails for fraudulent purposes. Maybray is now under arrest at Little Rock, Ark., with a number of others, accused of many swindles at various parts of the country by means of fake horse racing, wrestling matches, etc. The indictment is in connection with the alleged swindling of Samuel Suter, of Cass Lake, Minn.

Directions for Amateurs.
A writer in the Munish Jugend has published five signs which should be helpful to all who have to criticize pictures.

1. If the artist paints the sky gray and the grass black, he belongs to the good old classical school.

2. If he paints the sky blue and the grass green, he is a realist.

3. If he paints the sky green and the grass blue, he is an impressionist.

4. If he paints the sky yellow and the grass purple, he is a colorist.

5. If he paints the sky black and the grass red, he shows possession of great decorative talent.

"INSURGENTS" HAVE 30 VOTES

And Democrats Promise 170
on House Rules.

No Great Effort Will Be Made to
Defeat Cannon for Speaker of
the House.

CUMMINS COMPROMISE FAILS.

Washington, March 13. — There were important developments in the insurrection against the adoption of the old house rules.

A compromise, fathered by Senator Cummins, of Iowa, and presented to the regulars by President Taft, failed to unite the Republican members.

The compromise was one that the "insurgents" have had under consideration ever since the report became current that Taft desired a postponement of the fight on the rules. It might delay the passage of the tariff bill. It provided for the reelection of Speaker Cannon, and the adoption of the rules of the Sixtieth congress for the special session. After the organization of the house Monday it was reported that a resolution should be passed authorizing the committee to investigate the rules and report on the proposed changes at the regular session in December.

It was proposed that the "insurgents" should be allowed to name four of their number for the committee, the Democrats six, and the regulars five.

For the regulars Representative Watson, of Indiana, replied that the compromise was acceptable, if amended so as to allow the speaker

IN THE SPANISH- AMERICAN WAR.

During the Spanish American War, many of our soldiers suffered severely from cramp in the stomach and bowels, due in most cases to the change of climate and the water they were obliged to drink.

Mr. Geo. A. Lake, of Dennison, Texas, gives an interesting account of how he came to the relief of some of the men in his regiment:—"Just as I was starting for the war," says Mr. Lake, "Mr. Davis gave me a large bottle of Sloan's Liniment. I used it in our troop at Camp Mobrey for cramps and dysentery among the men. It took finely and lots of the boys of Troop L, 1st Tex. Cav. U. S. V., will never forget the name of Sloan's Liniment. One case in particular was our bugler, Fred Ormsley; he was cramped until he could hardly stand it. I gave him a dose of Sloan's Liniment and in five minutes he was up and ready to go on with the troop."

Every druggist carries Sloan's Liniment in stock. You can get it in 25c, 50c, or \$1.00 sized bottles. It's a good thing to have in the house for rheumatism, toothache, sore throat, asthma and any pain or stiffness.

To appoint the committee, due regard being given to the insurgents in its composition. The leaders of the "insurgents" subsequently declared they would accept no such suggestion. It is believed that President Taft will exert his influence to bring the two branches of the party together, however.

For more than two hours the steering committee of the "insurgents" were in conference with a committee representing the Democrats.

The "insurgents" it is said, convinced the Democrats that they could deliver thirty votes for any proposition they desired to propose Monday. The Democrats promised to furnish 170 votes against the previous motion on the adoption of the old rules. As 195 will be a majority, the allied forces claimed a victory.

The program tentatively agreed upon by the allies was to vote down the previous question on the adoption of the rules Monday, and if the amendment to the rules providing for a committee to select committees is voted down to propose that the committee on rules be elected by the house.

The Democratic conferees are said to have expressed the assurance that they could line up the entire Democratic delegation for the latter amendment, but were not so certain as to the former. The regulars claim to have the promise of several Democrats not to vote with their party for various amendments and deny that the "insurgent" forces will number thirty. Both the Democrats and the "insurgents" say that no serious attempt will be made to defeat Cannon for speaker.

Not in Politics.

Oyster Bay, N. Y., March 13.—Former President Roosevelt declared that he is taking no part in politics. He made this statement when asked whether he is supporting the "insurgents" of the house in their fight against Speaker Cannon as dispatched from Washington indicated.

Abbott's Son Denies Report.

New York, March 13.—The report that Dr. Lyman Abbott, editor-in-chief of the Outlook, had sent a letter to the so-called insurgents now opposing Speaker Cannon's rule of the house, pledging the support of that publication, with which Roosevelt is now identified in their fight for parliamentary reforms, was denounced by Lawrence P. Abbott, son of Dr. Abbott, as utterly unfounded.

GIRLS AND BOYS

ALTERNATE IN A BASKETBALL TOURNAMENT.

First Girls' Team of High Schools
Second, Middle School Boys' Team Wins.

By close scores two games were won last night in a double-header between the four high school teams. The First basketball team of the girls triumphed over the Second team by the score of 9 to 8, while the Second team of the boys won from the First team by the score of 18 to 16. Both games were fast and a large crowd of enthusiastic fans were present to encourage the players.

In the first half the First girls' team led by the score of 4 to 2 and managed to maintain the bigger end of the score until the finish, although the Second team fought hard. At the end of the first half the Second boys' team led by a score of 4 to 2, and won out, although the First team led at one point.

Probably the best work of the First girls' team was done by Rebecca Smith, while Henrietta Kahn, of the Second team, starred. Browning, of the First boys' team, put up an exceptional game while Edna and Elliott, on the Second team, did splendid work.

The teams lined up: First Girls—Katherine Rock, center; Rebecca Smith and Martha Cope, forwards; Neil Cive and Ruth McChesney, guards. Second Girls—Clara Stewart, center; Ira Jones and Henrietta Kahn, forwards; Grace Stewart and Clara Smith, guards.

The boys lined up: First—King, center; Browning and Yarbrough, forwards; Sills and Terrell, guards. Second—Mitchell, center; Gideon and Hughes, forwards; Elliott and Endries, guards. Prof. W. A. Evans was referee.

Next Friday night the First boys' team will play the basketball team of the Cairo High school team at Cairo. The game will be warm and a bunch of enthusiasts will accompany the team to the Egyptian city.

GOOD, HONEST, SQUARE-DEAL

Medicines like those of Dr. R. V. Pierce of Buffalo, warrant their makers in printing their every ingredient, which they do, upon their outside wrappers, verifying the correctness of the same under oath. This open publicity places these medicines in a class all by themselves. Furthermore, it warrants physicians in prescribing them largely as they do in their worst cases.

Dr. Pierce's Golden Medical Discovery

Is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach and bowels, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), liver, bowels (as mucous diarrhea), or other organs.

Dr. Pierce's Favorite Prescription

Is advised for the cure of one class of diseases only—those peculiar weaknesses, derangements and irregularities peculiar to women. It is a powerful yet gently acting invigorating tonic and nerve.

For weak, worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American, medicinal, forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum. Don't do it.

Plea for the Confederate Monument.

As the traveler wanders among the ruins of Rome he is attracted to a shattered arch erected by the Emperor Vespasian when his son Titus returned from the destruction of Jerusalem. On the broken panels and falling frieze are still to be seen representations of his triumphal procession bearing aloft the sacred vessels of the holy place, the candlesticks with seven branches, the captive priests proclaiming from their silver trumpets, not the liberty but the humiliation and sorrows of Judah. It is said that even at this late date the pious and heartbroken Hebrew turns aside in sorrow and wends his way into the city of the Caesars by another route in order to escape the sad memories. This same feeling overcomes the traveler when viewing the ancient ruins of Athens, her molding temples and decaying altars; and as he pauses and contemplates upon the ruins Time has wrought he is impressed that this is but the just retribution of a nation whose religion was one of idolatry.

But how different it is with him when he visits the great city of London, and threading his way among the crowded and congested streets he comes to that spot so dear to every Englishman, where the greatness of her soldiers and sailors are personified in bronze and marble, Trafalgar Square. Here are to be seen in heroic size monuments to the memory of General Gordon, the Duke of Wellington and that of the idol of the nation, Admiral Nelson. With feelings of emotion almost akin to pain we read his last command to his men, "England expects every man to do his duty." Immortalized by its simplicity and noble sentiment.

One can not help but admire the Britisher's love of country and his reverence to the memory of her men who have in the years past made her famous.

In many of the cities of this land there have been erected monuments by admiring people to the memory of great men and great events. Baltimore, the monumental city, is made beautiful by the many works of art and sculpture that adorn her thoroughfares. In the city of Cleveland there stands a monument to the memory of the soldiers and sailors who fell in the civil war. In many of the southern cities patriotism has found expression in such works of art and they are pointed out to the tourist with feelings of pride and satisfaction.

In the city of Hopkinville, Ky., in the cemetery on the outskirts of that city, there stands a granite shaft whose surfaces reflect back the sunlight of God, as if it glowed in its power, erected by one of her most illustrious sons, to the memory of the "Lost Cause." On one of its polished sides there is cut this inscription: "To the memory of the unknown Confederate dead who died for conscience sake." What words could convey more expressively the noble sentiment of the men who were willing to die for principles they thought to be right "as God gave them to see the right." What grander eulogy could be pronounced over a cause that was lost and the many who fell with it "on fabled eternal camping ground."

When the Civil war broke out there was mustered for service in the Confederate army many of this city's young men. Harkening to the call "to arms" they enlisted under the Stars and Bars, to fight, if needs be, to die for the principles they thought to be right. With martial music filling the air, with the waving of handkerchiefs and fond adieux, with voices filled with emotion and eyes dimmed with tears, Company G, Third Kentucky, under the command of Colonel Lloyd Tilghman, marched to the front, to battle for their country's rights. It is useless to state how many returned home after that fearful struggle. Some are now sleeping "under the sod and the dew" waiting for the bugle call on resurrection's morn. Many have gone on their long journey and have crossed over the river are sleeping under the shade of the trees. A few, only a few, are still with us, and each succeeding year sees the number diminished, until now but a corporal's guard stands watch around the smoldering camp fires. In order that the memory of the Confederate soldier may be perpetuated and for the sake of the memory of the many who died for conscience sake, the ladies of the local chapter of the United Daughters of the Confederacy have undertaken to raise a monument to the memory of him who wore the grey. Through the liberal generosity of the sons of General Lloyd Tilghman they have secured a monument of bronze to be mounted upon a stone base, representing the Confederate soldier. While the likeness of the figure is

that of General Tilghman, the monument is not erected to him, but to those whom he led and the cause they represented. There remains yet to be raised somewhere between fifteen hundred and two thousand dollars to complete the work, and the ladies have decided to have what is known as "Tag Day" on Saturday, March 20, when it is expected this amount will be raised through the generosity of our people. Therefore hold the good cause along. This monument means more than the mere tinkling of brass. It means the immortalizing of the principles of patriotism; it means love of country and sacrifices for the country we love; nothing less sacred than this could have sustained this army of brave men who fought and died in a

cause that was lost. It is noble patriotism that impels the brave woman to erect this monument to their honor and glory. And when the traveler visits this city and asks to be shown the points of interest it will be with a feeling of pride, civic pride, that he will be shown this evidence of a city's love for its own, of a nation's hope that was blasted, this memorial to the loyalty and patriotism of the Confederate soldier, when today challenges the admiration and homage of the world.

TOBACCO

TO

Bohmer's Warehouse

9th & Harrison, Paducah, Ky. Old Phone 72

Empty hogheads furnished free to parties wishing to ship their tobacco by rail or river

Tobacco is unloaded in large, flat baskets, each grade to itself, weighed and receipt given owner, showing number of draft and pounds thereof. A corresponding ticket is placed on each pile. The highest bid is written on ticket and, should owner accept same, by presenting at office receipt previously given, the cash is handed over.

Should the bid offered not be satisfactory, the tobacco can be offered the next day or at any other time thereafter.

It costs absolutely nothing to offer your tobacco unless bid is accepted, in which case we charge 15 cents per hundred pounds and 2 cents on the dollar.

The greatest demand among manufacturers and dealers is for loose tobacco and, since it will bring more money offered loose, why go to the expense of having prized, stored, insured, inspected and looked after?

You will get more money for your tobacco when offered to the highest bidder in open competition with twenty-five buyers trying to buy than when you expect or require one buyer to buy millions of pounds without competition at a round price.

CHAPTER XVII.

THE CONSPIRATORS OUTWITTED.
SENATOR LANGDON'S dinner
had well won popularity in
Washington. Invitations to
them were rarely numbered by
the sending of "regrets." He had
brought his old Mississippi cook from
the plantation, whose southern dishes
had caused the secretary of state him-
self to make the senator an offer for
the chef's services. "No use bidding
for old General Washington," said the
senator on that notable occasion. "He
wouldn't leave my kitchen, sir, even
to accept the presidency itself. Why,
I couldn't even discharge him if I
wanted to. I tried to let him go once,
sir, and the old general made me feel
so ashamed of myself that I actually
cried, sir."

Peabody and Stevens were the din-
ner guests tonight, as they were to set-
tle afterward with Langdon and Norton
on the action of the naval affairs com-
mittee regarding the naval base. The
three, being a majority, could control
the action of the committee.
Senator Peabody had finally post-
poned leaving for Philadelphia until
the midnight train in order to be pre-
sent, he assumed Langdon's tie. The
girls, Norton and Randolph, were left
to oversee preparations for the promi-
nent Washingtonians invited to attend the mis-
ericorde to be given later in the evening.
Carolina and Hope Georgia were in
distinctly different moods—the elder,
vivacious, glided over the bright out-
look for her future; the younger, cast
down and wearing a worried expres-
sion. Norton and Randolph in full
spirit tried to cheer her and, failing,
resorted to taunts about some imaginary
love affair.

The courage of the afternoon, which
had enabled her to speak to Haines as
she had, was gone; selfish fears now
swept over her as to the outcome of
the evening. Haines had not come!
Was he really guilty and had promised
to come merely to get rid of her? Why
was he late? If he did come, would
she be able to have her father see him,
as she had promised? If she failed,
and she might, she would never see
this young man again.
"If I looked as unhappy as you,
Hope, I'd go to bed and not discourage
our guests as they arrive," Carolin
suggested. "Our floral decorations
alone for tonight cost \$750, and the
musical program cost over \$3,000. The
most fashionable folks in Washington
coming—what more could you want,
Hope? Isn't it perfectly glorious?
Why?"

"Mr. Haines is below, asking to see
Senator Langdon," announced a ser-
vant, entering.
"Oh, I knew he'd come! I knew it!
I knew it!" cried Hope Georgia in pure
ecstasy, clapping her hands.
The three plotters turned on the girl
in amazement; then they stared at
each other.

"Mr. Haines," ejaculated Carolin.
"Haines?" exclaimed Randolph, hur-
riedly leaving the room.
"Haines?" sneered Norton. "We can
take care of him. The senator won't
see him."
Carolin caught the suggestion.
"Tell Mr. Haines that Senator Lang-

"I brought him back. Father will want
to see him," said Hope.
don regrets that he cannot possibly
receive him," she directed.
"Carol!"
There was a ring of protest and pain
in Hope Georgia's voice as she darted
out of the door after the servant.
"What's the matter with that girl?"
asked Norton, trying to be calm.
Carolin shook her head.
"I don't know. She's queer today. I
believe she imagines herself in love
with Mr. Haines."
"Aren't you afraid she'll make trou-
ble?"

The other sister laughed confidently.
"Little Hope make trouble? Of course
not. If she does, we can always fright-
en her into obedience."
The door reopened and Hope entered.
"First Mother—I don't know
whether to enter my baby in the
beauty contest or not."
Second Mother—It seems rather
too bad to take all that trouble for
nothing.

NICARAGUA IN
BAD POSITION
U. S. State Department Breaks
Off Relations.

Mexico is in Accord With Stand of
U. S. and Will Help Make Pres-
ident Zelaya Respect Pact

OF THE AMERICAN REPUBLICS

Washington, March 13.—Owing to
the continued disturbed conditions in
Nicaragua and President Zelaya's
failure to make serious efforts look-
ing to a settlement of the Emery
claim, the state department by with-
drawing Mr. Gregory, the American
charge at Managua, and ordering the
legation placed in the hands of the
consul, who will have no diplomatic
capacity, practically broke off diplo-
matic relations with that country.
Affairs in Central America have
been closely watched by the Ameri-
can and Mexican governments, both
of which have now come to the
understanding that the time has ar-
rived when drastic measures should
be enforced to insure peace in the
Central American republics.

Ambassador Lallarra, of Mexico,
spent some time at the state depart-
ment in conference with Assistant
Secretary Wilson, and the determina-
tion was reached that if the Ameri-
can warships now in Nicaragua
waters and to be sent there are not
sufficient to impress Zelaya that the
treaty of peace entered into between
the Central American republics is not
to be lived up to, more radical steps
would be taken to accomplish that
result.

The impression was given that if
need be, intervention would be re-
sorted to. The governments of the
United States and Mexico, it was
stated, are in full accord as to the
policy to be pursued toward Nica-
ragua, and are now anticipating Zela-
ya's moves.
As far as could be ascertained no
official information has been received
here of the reported naval engage-
ment between the gunboats of Nica-
ragua and Salvador.

If you should have a cold, a few
doses of Kennedy's Laxative Cough
Syrup will act very promptly. Chil-
dren especially like Kennedy's Laxa-
tive Cough Syrup, as it tastes so good,
nearly like maple sugar. It is sold
by all druggists.

S.S.S. HEALS
S.S.S. OLD SORES
Before any sore can heal, the cause which produces it must be removed.
As long as the blood, from which our systems receive their necessary nour-
ishment and strength, remains impure and contaminated with disease germs,
any old sore on the body will remain open, and resist every effort made to
heal it. The nerves and tissues of the flesh around the places are continu-
ally fed with unhealthy matter and nature is simply disposing of the poison
by draining it from the system through the sore. The only cure for an old
sore is a thorough cleansing of the blood, entirely ridding the system of the
cause. S. S. S. heals old sores by removing every particle of impurity from
the circulation. It goes down to the very bottom of the trouble and so com-
pletely cleanses the circulation that there is no longer any impurity to drain
through the sore, but the place is once more nourished with rich, health-
ful blood. S. S. S. heals the sore from the bottom, the place soon fills in
with healthy, firm flesh, the tenderness leaves, all discharge ceases, the
skin regains its natural color and when S. S. S. has thoroughly cleansed and
purified the blood the place is permanently healed. Book on Sores and
Ulcers and any medical advice free to all who write.
THE SWIFT SPECIFIC CO., ATLANTA, GA.

supply the state school book com-
mission and to furnish one copy to
each county school book commission.
All bids must be accompanied by a
good and sufficient affidavit as provid-
ed in sub-sections 13 and 14 of this
section that the bidder has not violat-
ed said sections by contributing to
the campaign fund of any political
party or any candidate for office or
for the nomination for an office, state
or county in Kentucky.

All bids must comply with the con-
ditions set out above and with all
other provisions of said section.
Copies of section 4421a Kentucky
Statutes providing for uniform text
books, can be secured from the Su-
perintendent of Public Instruction,

INDEPENDENT ICE COMPANY CUTTING PRICE OF PRODUCT

The first guns of an ice war were fired today when an Independent Ice firm cut the price of ice by contract from 40 cents a hundred to 25 cents a hundred. While the reduced prices will affect only the large consumers, such as saloons, hotels and grocers, it is probable that the war on prices will be extended so that the smallest customer may get the benefit of the fight by the warm days of July. The ice has sold in Paducah for 40 cents a hundred pounds straight for many years, all the local retailers securing their supply from the Paducah Ice company. The Independent Ice and Coal company has its ice shipped into Paducah from a factory at Monrovia, Ill., and announced today that the price by contract would be reduced to 25 cents.

THE PRIMARY SYSTEM.

Defended in Speech by Senator LaFollette.

New York, March 13.—George Earl Chamberlain, new Democratic United States senator from Oregon, was chairman of a meeting of New York's "Civic Forum." The meeting was for the discussion of the question of direct primary nominations, and the chief speaker was Senator LaFollette, of Wisconsin, who is an ardent advocate of the plan and who made a strong speech in defense of the primary system.

Want State-Wide.

Boston, Mass., March 13.—The legislative committee on constitutional amendments today voted to report to the legislature a resolution providing for an amendment to the state constitution to prohibit the manufacture and sale of intoxicating liquors within the commonwealth.

New Vessel Company.

Detroit, Mich., March 13.—The Free Press announces the formation of a new vessel corporation which has contracted to buy fifty of the largest lumber carrying vessels on the Great Lakes.

BATTLE DID OCCUR.

Fight Between Nicaraguan and Salvadoran Ships.

Mexico City, March 13.—A private dispatch confirms the reported naval engagement between the ships of Nicaragua and Salvador.

Three Nicaraguan gunboats led by the Momotombo, Tuesday attacked

the Salvadoran gunboat Presidente, and the latter by a lucky shot put the Momotombo out of action almost at the beginning of the engagement. The three Nicaraguans then withdrew. Later the Momotombo was repaired and went in pursuit of the Presidente.

DeWitt's Little Early Risers are small pills, easy, gentle and certain, and are sold by all druggists.

AWFUL LANDSLIDE.

Reported to Have Destroyed Three Communities in Java.

Victoria, B. C., March 13.—News of a landslide burying three villages and involving the loss of hundreds of lives, probably more than a thousand at Pandjolo, Java, was brought today by the steamer Empress of China. Part of Mount Kentjana fell, eliminat-

ing the village of Telbochan and the towns of Wardensite and Telokbanggoe. But one man, one woman and two children escaped. Tons of earth were slipping as the vessel left. Pestilence was feared. Dogs and birds were feeding upon the bodies exposed to view.

GEO. W. WALTERS WANTS \$105.

George W. Walters, city treasurer, filed suit in circuit court late yesterday afternoon against the city for \$195 alleged to be due for salary for the month of December and nine days of November. In his petition he alleged he was elected November 3 and that he became treasurer, when he presented his bond to the council on November 21, although no action was taken then. The salary of the officer is \$150 a month. J. J. Dorlan was then serving as treasurer and was paid by the city.
